Social Media Was In a Frenzy on Monday...

If you were out of the loop, Instagram, Facebook, and other major social media and communication outlets were down. The occurrence was the perfect example of why it's important to interact with your audience outside of social media. Having a website and an email list is a great way to stay connected when all else fails.

How do I get started?

HELP ME OUT!

Some Friendly Reminders...

It's the last quarter of the year and we should make this count! I'm a small business just like you all, so I understand the pressure to get things done in a timely fashion. I have created some expectation guidelines to ensure we are all aligned:

- New!!!: I have business hours! I am available 7 days a week between 9 AM & 7 PM. I can be reached on my business number at 914--667-0053.
- If I am not available via phone, please send requests via email so my assistant and I can ensure your request is fulfilled in a timely manner.
- If website updates are needed, please allow 72 hours before the updates are performed

As always, let me know if there's anything I can assist with!

I NEED TO SEND OVER A REQUEST!
